 - Minimum size fish is 30". One fish per day per angler. Five largest fish per club. Shore caught fish only – no boats. The boundaries are all Monmouth and Ocean county waters including surf, jetties, bridges, rivers, and bays. No piers. A pectoral fin must be clipped at the time of weigh in by the weigh master. Fish weights will be rounded up if they are at or over the ½ lb mark and down if they fall below the ½ lb mark. i.e. a fish weighing 14lbs 7oz would be rounded down to 14 lbs. A fish weighing 15lbs 8oz would be rounded up to 16lbs.
 - *Bradley Beach has elected "Surf Only" for their tournaments. No Bridges, Piers, Rivers or Bays. As defined by Bradley Beach "Surf is where the beach meets the jetty forward." Example – The legal boundary for IBSP down by the inlet is the area from the surf/water line, including the inlet east from that point. Any part of the inlet west of the surf line is out of bounds. At Sandy Hook the legal boundary is the Bug Light east/north.
 - A plaque will be awarded to the competing angler who weighs in the heaviest fish for each tournament.
